## **Risk Management**

### **2009-10 ERCM Reminders and Due Dates for schools**

With school about to begin, we have prepared a list of reminders and due dates for required emergency drills and Emergency Team (E-team) training. By now, all principals/school leaders should have received a detailed announcement via school mail from Risk Management and via email from the Instructional Superintendents entitled ***Emergency Response and Crisis Management (ERCM) Training***. We are currently registering all **NEW** principals and **NEW** E-teams for the required face to face training in August (see attachment for details). **ERCM Online Training** (required for **ALL** E-team members and alternates) is being updated and will be available September 1<sup>st</sup>. Please see the attachment for a summary of required Training and Drills as well as due dates. **Further information is available on the ERCM website at <http://ercm.dpsk12.org>.**
