

*Dear Parents,*

*My name is Maria Del Carmen Cereceres and I am originally from Chihuahua, Mexico. I have been living in the State*

*of Colorado since 1972. I have been working for public schools since 1997 and before that I was a translator for the Kit Carson District Court in eastern Colorado. I love children and maybe that is why I have worked for the public education system for so many years. I believe that every child deserves an education and I emphasize with students how important it is to graduate from High School and extend their education. I am a general paraprofessional in the Community Center.*

*My job consists in making sure parents know about their students' attendance and in reinforcing the importance in students getting to class on time. If you have any questions concerning your students' attendance please feel free to call me at 720-423-5882, by e-mail: [mariadel\\_cereceres@dpsk12.org](mailto:mariadel_cereceres@dpsk12.org), or directly at my office: Room 211, and it would be my pleasure to be of assistance to you.*
