

Denver Zoo Mini-Camps

Zoo Fun During School Breaks

A great alternative to sitting at home during those days out of school, Denver Zoo's Mini-Camps provide FUN and learning at the *wildest* spot in town! Participate in hands-on activities, animal encounters, crafts, games, stories, and zoo tours. Sign up for one day or all three in each series!

- \$45 per day for Zoo members, \$48 per day for Non-members
- 9am to 4pm each day. Early and Late care options at additional cost.
- Kids in Grades K-5. Ask about our Grades 6-8 option for December.

OCTOBER MINI-CAMP:

Animals Near and Far

Wednesday October 28: *Close to Home*
Colorado is home to some of the 'biggest and baddest' animals around, right in our own backyard!

Thursday October 29: *Down Under*
G'day mate! Let's go on a walk about looking for roos and dingos! Meet some of the most unique animals in the world.

Friday October 30: *Out of Africa*
Jambo! This safari will lead us to Africa's "Big Five" - predators and prey from a land far away!

DECEMBER MINI-CAMP:

Snow Safari, Winter in the Tropics

Monday December 28: *Enter the Rainforest*
Sure, there's lots of rain in the rainforest, but what else makes these jungle homes unique?

Tuesday December 29: *Jungle Connections*
Animals in the rainforest rely on each other for survival. Explore the jungle circle of life!

Wednesday December 30: *Jungle to Jungle*
Trek with us around the globe as we explore the many faraway places that are home to jungle animals.

NOVEMBER MINI-CAMP:

Cool Classification

Monday November 23: *Primate Party*
Get down with our primate cousins! Apes, monkeys, lemurs and more!

Tuesday November 24: *Cool Cats & Dastardly Dogs*
Discover amazing cats and dogs with super abilities to jump, prowl and hunt. Lions, tigers and hyenas—oh my!

Wednesday November 25: *Slither, Swim & Hop*
Explore the creepy, slimy, squirmy and very cool world of reptiles and amphibians.

JANUARY & FEBRUARY 1-Day MINI-CAMPS

Monday, January 18: *Friends & Enemies*
Explore the bond between animal friends and the relationship of predators & their prey.

Monday February 15: *Arctic Adventures*
Explore life at the poles where temps can be 100 degrees below zero...Brrr!
